GIRL FREED
FROM JAIL;
IS MARRIED

FLORENCE COWGILL'S RESOLVE NEVER TO SEE HER
LOVER, WEAKENED

Sapulpa, March 13.—The sight of her frantic lover, who had hurried here from Kansas when he heard of his sweetheart's misfortune, proved too much today for the stern resolve of Florence Cowgill, who had declared that she would go to the penitentiary rather than face him again.

Miss Cowgill and Harry Ramaley were married at the county court only a few minutes after the girl was released from jail. The American National bank did not wish to prosecute her on a charge of alleged forgery of the name of Charles Page, Tulsa millionaire philanthropist.

The girl was arrested after having attempted to cash a draft on Page for \$1,800. She said later that she had secured Page's name on the front page of a Bible by posing before him as a missionary.

Miss Cowgill is a beautiful brunette. Her new husband is a well-dressed young man who confirmed the girl's statement that she is from a prominent family in Ottawa, Kansas.

WEAK STOMACH is strength, and is cured by Hood's Sarsaparilla, the medicine that cures dyspepsia and POOR APPETITE.

BLOCKADE
ORDER SIGNED
BY KING

TWELVE GERMAN SUBMARINES HAVE BEEN DESTROYED, IS THOUGHT

London, March 13.—Walter Rines Page, the American ambassador, today presented to the foreign office a note from the American state department asking for information about the proposed British plan for cutting off German trade and the effect the plan will have on neutral countries.

The note is identical with one presented at Paris, as France and Great Britain jointly announced that they held themselves at liberty to make reprisals against Germany.

An order in council, which outlines the plan to be followed in attacking Germany's trade, was signed today by King George, but the date of its publication still is uncertain.

It is not known when Great Britain will forward her reply to the American identical note to Great Britain and Germany, which seeks to end the submarine blockade and the holding up of food shipments for German civilians.

London, March 13.—A dispatch to the Daily Express from The Hague says:

"A secret report has been sent from Cuxhaven to the admiralty at Berlin that twelve submarines have failed to report at their base, eight of them being among Germany's newest boats."

"The naval council will meet today or tomorrow under the presidency of Emperor William to discuss whether or not it would be better to abandon the submarine war."

Willie Ritchie After His Old Title.

Willie Ritchie, former champion lightweight of the United States, believes that he can and will whip Freddy Welsh, when the two meet for ten rounds in New York this week. This photograph taken of Ritchie five days before the match shows him to be in good condition. It was believed by those who had not seen him that he was fat and flabby and that he would not round to form without long training. How untrue this is may be seen from his appearance in his training costume. He does not seem to carry superfluous weight. In fact, the day after the photograph was taken Ritchie weighed 135 pounds. Since the match calls for 135 pounds he felt no difficulty in reaching that figure and being strong.

The only way Ritchie can regain his title is to knock out Welsh. That is a difficult feat in a ten round bout.

MAN TAKES HIS OWN MEDICINE IS AN OPTIMIST

He has absolute faith in his medicine—he knows when he takes it for certain ailments he gets relief. You can't destroy a Cold by superficial treatment—you must go to the cause of the trouble. Be an optimist. Get a bottle of Dr. King's New Discovery today.

No really smart man waits for a woman to get under the mistletoe.

The only way you can beat the other fellows game is not to play it.

Pine-Tar-Honey penetrates the linings of the Throat and Lungs, destroys the Germs, and allows Nature to act. At your Druggist, 25c.

HOW TO TELL WHETHER
SPRING WILL BE LATE

One of the causes of a late spring is a contributor to the current issue of Farm and Fireside writes as follows:

"I am not a weather expert or an old or weather-wise man, but I think I have three very good reasons for a late or backward spring, namely:

"First, deep snows until late winter.

"Second, deep frozen ground.

"Third, a constant drive of polar winds southward.

"My reason for these: The first and the greatest cause is deep snow. The snow prevents the ground from freezing, hence when the snow is melted it thoroughly saturates the earth with icy water which must be warmed before the earth can receive spring, which is ruled by the lateness of the thaw.

"Second, deep and hard frozen ground. The frost must be drawn to the surface to be melted, and much of this water has to be evaporated by the air.

"Third, and a very frequent cause is the polar winds driving back the south winds and warm showers which hurry on spring more lively than any other element."

Any skin itching is a temper tester. The more you scratch the worse it itches. Doan's Ointment is for piles, eczema—any skin itching, 50c at all drug stores.
